STRATEGIES FOR A SUCCESSFUL CLASSROOM

Be punctual

Begin with a clearly articulated learning focus

Create an orderly, positive and safe environment for learning

Circulate the learning space throughout the lesson

Be respectful of the learning space and its facilities

Mark the roll on Compass within the first 15 minutes

Clearly articulate your norms of behaviour to students

Seek support and advice when necessary

Check that students have required materials and follow through on those who don't

Always have an alternative lesson plan

Be mindful of tone, and model inclusive and positive language and behaviours

Close the lesson with a reflection, reference to future learning, home learning or preparation
